Maestro IR | comfortable, convenient remote control dimming

**Experience the novelty of remote control dimming.**

Maestro IR delivers high-performance, personalized adjustment of the lighting in any room. It is the perfect addition to home theaters, bedrooms, and family/TV rooms where comfort and convenience is your ultimate goal. Wherever you want to relax and control your own lighting environment, you'll want Maestro IR dimmers.

**Bedroom**

The bedroom is a perfect spot for Maestro IR. You will be thrilled with one-touch-easy creation of mood, ambiance, and convenience.

**Family/TV Room**

Whether you have the latest plasma technology or just a regular television, put it together with a Maestro IR control and you have instant home theater. Most learning remotes can accept Lutron lighting codes for the ultimate in convenience and the perfect atmosphere.

**What homeowners are saying about Maestro IR...**

"Clean and simple design. Looks good on the wall and adds a touch of class to the room."

"I use it most when I want to watch a movie, but I don't want to move ... to reset the lighting. Very nice!"

"I very much like Lutron's approach to functionality and appearance."
